Pop-up Christmas Card

Free fold guide by Liz Pichon

1. **Print page 1 on A4 paper.**
2. **Fold it in half, and in half again, along the black dashed lines.**
3. **The CARD front prints upside down. That's right! It turns the right way up.**
4. **Fold along the blue Christmas tree, then pop it up just like Liz does.**
5. **Decorate it, sign it, and give it to someone special!**
